School

Mountainview Christian School (formerly Mountainview International Christian School) was founded in 1981 to serve the families of expatriates living in Indonesia, primarily those involved in the work of various service organizations. Mountainview is a K-12 boarding and day school with a current enrollment of approximately 230 students from a number of countries and backgrounds, with the largest number of representatives from the United States, South Korea and Indonesia. The school offers an on-campus family-style dormitory for students in grade 7-12.
